Document Object Model - DOM

At first study the slides about DOM.

Draw a tree structure of the following html page. You can draw it by hand on paper or use PowerPoint application's SmartArt tool.

```html
<!DOCTYPE html>
<html>
    <head>
        <title>A Week</title>
        <meta charset="UTF-8">
        <meta name="viewport" content="width=device-width, initial-scale=1.0">
    </head>
    <body>
        <div>
            <h1>A week as a period</h1>

            <p>In a week there are seven days. In a year there are 52 or
                53 weeks. </p>

            <p>According to the international ISO-8601 standard the first
                day of week is Monday.</p>

            <p>A week-end includes Saturday and Sunday</p>

            <div>
                <p>Weekdays are:</p>

                <ol>
                    <li>Sunday</li>
                    <li>Monday</li>
                    <li>Tuesday</li>
                    <li>Wednesday</li>
                    <li>Thursday</li>
                    <li>Friday</li>
                    <li>Saturday</li>
                </ol>
            </div>

            <figure>
                <img src="img/holiday.jpg" alt="Winter holidays">
                <figcaption>Winter holidays in Finland</figcaption>
            </figure>
        </div>
    </body>
</html>
